INCREASED SALARIES WILL BE DEMANDED BY TRAINMEN BROTHERHOOD.

75 ROADS WILL BE AFFECTED

Action of Men Is Expected in New York—Seventy-five Thousand Employed on the Eastern Roads.

Pittsburg, Pa., Dec. 19.—The Brotherhood of Railway Trainmen tomorrow will serve notice on about seventy-five railroad companies east of the Mississippi river that an increase in wages will be demanded, the increase to be from 5 per cent to 40 per cent.

W. G. Lee, national president of the brotherhood, tonight refused to intimate what action if any would be taken in case the demand is refused. It is said the recent referendum vote of the trainmen concerning the demand for an increase resulted in a practically unanimous vote in its favor.

About 75,000 members of the brotherhood are employed on the railroads affected.

The action of the Brotherhood of

Railway Trainmen as announced in Pittsburg tonight was not unexpected in New York. Knowing that the referendum vote was being taken, railroad heads were preparing to meet the situation and several conferences have been held in the city during the last two weeks.

It is likely that a committee representing the employees will be appointed at once to arbitrate the matter. Involving as it does all the great lines in the east, it will be impossible to predict what course each road will pursue, but it is probable that the roads will stand together on the broader issues at stake.

A Beneficial Notice.

The Fraternal Order of Eagles will for the next sixty days give a special dispensation, which reduces the membership fees and the first month's dues to six and 25-100 dollars. Membership in this lodge is considered very desirable, not only on account of its exemplary fraternal spirit and benefits, but it is especially attractive to men with families for every member secures all necessary medical attention without any doctor bill for one dollar a month. The Eagles select their own doctor, for whose services the lodge pays. Men, don't neglect filing your application to become a member of the Fraternal Order of Eagles, for you cannot afford to miss it.

GREAT TIMES IN NICARAGUA

JOSE MADRIZ, CANDIDATE FOR PRESIDENT, IS VERY POPULAR WITH PEOPLE.

MUCH ENTHUSIASM IN SIGHT

Friends Draw Weapons to Protect Their Idol from Demonstration. Five Civilians Act as a Body Guard.

Mangua, Nicaragua, Dec. 19.—Jose Madriz, judge of the Central American court of justice at Cartago, who has been put forward as candidate for the presidency to succeed Zelaya, received an enthusiastic recommendation on his arrival here today.

Long before he reached the capital Madriz was the idol of cheering crowds. He was met by delegations from various departments and was acclaimed all along the way from Corinto to Managua.

At this place, the crowds awaiting the appearance of the candidate were extraordinary. Troops and police were out in force for participation. Madriz went on foot to a hotel though an almost impenetrable mass of people, the soldiers and detectives breaking a way through the solid ranks, pushing and throwing aside the frantic people.

In front of the park there were hostile cries against the attempt of the soldiers to clear the street and immediately fifty civilians, all of them residents of Leon, which is the home Madriz, and the stronghold of the liberals who favor his candidacy, whipped out revolvers brandishing them in the air. They formed a compact mass around Madriz, acting as his bodyguard and escorting him to his quarters.

For a moment the situation was critical. There were shouts of "Viva Leon; to hell with Managua."

No shots were fired, however, and the procession went on its way. The face of the presidential candidate was flushed and wore a look of anxiety. He was accompanied to the hotel by the Mexican minister, and from this place the crowds were shut out.

Dr. Madriz arrived about 9 o'clock this morning at Corinto aboard the steamer Acapulco from Punta Arenas, Costa Rica. He was received by commissions representing congress, the supreme court and the municipalities of Leon, Managua, Chinandega and Masaya.

SUNDAY AFTERNOON PAPERS.

The Evening News has received the anniversary number of the Evening Times of Philadelphia, Penna., which one year ago began the experiment of publishing a Sunday afternoon paper. In a lengthy editorial, which includes a review of the year's publication, the paper states that it has a circulation of over one hundred thousand copies which it considers pretty healthy for an innovation which was slated for death immediately after its appearance. The Evening News takes pleasure in announcing that the issuing of a Sunday afternoon paper is a success, at least in Philadelphia, and the chances are that the experience will be followed up by newspapers of other cities.

TWO KILLED IN S. P. WRECK

FIFTY-TWO INJURED IN ARIZONA ON THE GOLDEN STATE LIMITED.

CAUSE: RUNNING TOO FAST

Wreck Took Place at Four O'clock in Morning and Engine and One Car Plunge Over Precipice. Pullmans Stay on Rails.

Tucson, Ariz., Dec. 19.—Engineer Tom Walker and Fireman F. W. Bauer, both of Tucson, were killed, thirteen persons were seriously injured and thirty-nine others cut and bruised when the Southern Pacific train No. 4, formerly known as the Golden State Limited, was wrecked three miles west of Benson at 4:01 o'clock this morning.

The most seriously injured were brought in a hospital train to St. Mary's hospital at Tucson.

The train was running thirty miles an hour. Southern Pacific officials ascribe the wreck to striking a curve at too high speed.

The engine, baggage car, mail car, and two tourist sleepers toppled from the rails, the engine and the mail car rolling forty feet down into the culvert. The other cars turned over as they cleared the rails but did not go into the ditch.

Two Pullmans and an observation car remained on the track, and their momentum carried them 500 feet from the wreckage.

The injured were nearly all in the tourist sleepers and the mail car.

An Innocent Widow.

The coming attraction at the opera house on 25th of December, will be produced under the above caption, An Innocent Widow, with Miss Courtney Morgan in a stellar character. It is said to be a comedy replete with situations so absurd that the most blasé playgoer in the first act sits up and takes notice, and before the second act is finished he falls in line with the rest and laughs as heartily as the youngster. During the action of the piece some clever musical numbers will be introduced and the evening's entertainment is promised to be as refined as it is witty.

The happy couple left a few minutes after the wedding via the Katy for a visit through Yuletide with Mr. Kincaid's relatives at Kansas City, Missouri.

10,000 FOR ADA.

The auction sale of residence lots in
Sunrise, Donaghey, Capital Hill
and Normal Heights additions, which
began at two o'clock this afternoon
is expected to result in a great deal
of advancement for Ada. Everybody
interested in it and many out of town
people have signified their intention
of being present. Beginning this morn-
ing almost every one on the street
was decked out with a red tag on
which was printed the following
words: "Boost Ada by attending the
big auction sale of lots today, Ada
10,000 population in 1910."

Those are good healthy words, and
Ada is striving with all her might
to do exactly what the red tag de-
sires. We're boosting and we're grow-
ing as we boost.

TEN CARS JUMP THE TRACK, RE- SULT OF BROKEN RAILS.

Track Cleared for Traffic at Five-
Thirty This Morning—No
One Hurt.

An unusual job of train wrecking
was done in the local yards of the
Frisco about seven-thirty last even-
ing in which ten cars figured in the
derailment.

Two regular freight trains for some
time had occupied the pass track,
awaiting the arrival and departure
of the north bound passenger. One
freight was going north and the other
south. After the departure of the
passenger train the freight pulled out
of the siding onto the main track
and in doing so, a rail under each
train broke, throwing seven cars of
the north bound freight off the track
and derailing three of the south
bound train's cars.

All of the cars except one of each
train were replaced on the rails.
These two, which are loaded with
coal and lumber, are on the ground
awaiting assistance by the wreck-
er.

The track was cleared about 5:30
this morning and the south bound
passenger train due in Ada at 4:54
p. m., which was considerably late,
proceeded on its way soon after that
time.

No one was injured in the derail-
ment, and the cold weather is held
responsible for the snapping in two
of the rails.

PATROL PROTECTION NEEDED

Statement of the Messenger Rela-
tive to Maud Church Fire.

Maud, Okla., Dec. 20.—The Mes-
senger says in regard to the recent
burning of the Methodist church
there:

"The total destruction of the new
Methodist church by fire early Sun-
day morning, an account of which
appears elsewhere in these columns,
emphasizes the necessity of a mer-
chant patrol system in Maud. It is
an astonishing fact that after the
hours of eleven o'clock at night until
morning dawns, the property inter-
ests of the town are at the mercy
of the incendiary and his torch. It
is an instance without a parallel
anywhere so far as we know. A
town of near a thousand population,
with property interests approximate-
ing in value a million of dollars, the
buildings most of them constructed
of wood, none of them fire-proof, no
fire department, absolutely no pro-
tection whatever. It is a source of
wonder to us how people can lie
down and sleep contentedly under
such conditions, and we doubt if
they do. As we view it, it was not
much short of a miracle that the
principal business part of Maud was
not laid in ashes by Sunday morn-
ing's fire. The strong wind prevailing
at the time carried burning fagots
high in the air and entirely over the
combustible roofs adjacent to the
burning building; but with all this
it was by the most heroic effort of
the people that other fires did not
break out.

KING LEOPOLD'S POLICY SCORED

SOCIALISTS OF BELGIUM REFUSE
TO SWEAR TO THE NEW
KING.

THOUSANDS ARE AT FUNERAL

Imposing Ceremony at Which Many
Thousands Are Witnesses, Re-
quiring Three Hours to
Pass Palace.

Brussels, Dec. 19.—The Belgian
Episcopate today issued a pastoral
letter eulogizing King Leopold as the
apostle of peace and justice, the
glorifier of the Catholic faith, and
the promoter of christian civilization
through the founding and develop-
ment of the Congo independent state.

On the other hand, the general so-
cialist organization has issued a
proclamation in favor of republic and
condemning Leopold for imposing up-
on the country the costly burden of
the Congo. The proclamation adds
that the socialists decline to swear
allegiance to Albert, who, as mon-
arch, is bound to "represent the op-
pression of those who labor by those
who fatten on the fruits of labor."

Prince Louise, who has commenc-
ed a legal battle for the estates of
King Leopold and of Baroness
Vaughan, has not arrived here. It is
reported that now complications have
arisen which will result in her re-
fusal to come to Belgium alone.
Count Lonyay, husband of Princess
Stephanie, is here.

The Soir publishes a dispatch from
Rome stating that it is confirmed
at the Vatican that King Leopold and
Baroness Vaughan were married both
by a civil ceremony and a religious
ceremony at San Remo, and that the
King pardoned his daughters; oth-
erwise he could not have absolved.
According to the newspapers the ex-
Empress Charlotte, widow of the late
Maximilian of Mexico has been
informed of her brother Leopold's
death.

Funeral Ceremonies.

The body of King Leopold lay in
state in the Royal Palace today while
thousands filed silently before the
caafaque and paid homage to their
late sovereign.

In the presence of Prince Albert
and officers and dignitaries of the
court and government, the coffin had
been borne to the mortuary cham-
ber, while priests chanted the Mis-
ere and a procession of nuns told
the rosary for the dead.

Passing through the garden and court
way up the broad marble staircase
and across the vast reception hall,
those who had come to the Palace
found themselves in a room of state,
draperies of which were black with
silver fringe.

The room was bright with glare of
electric globes and the soft glow of
hundreds of candles. The mahogany
casket, in which the King lay, was
half draped with the colors of the
old grenadier regiment and surmount-
ed by his daughters' floral wreaths.
It was guarded on either side by
three officers, in uniforms glittering
with gold and with swords brought
up to the royal salute.

Against the walls and beneath tall
palms the other officers held the
standards of the kingdom. In front
of the coffin were kneeling nuns and
priests. For three hours the stream
of people passed through the palace,
witnesses of the impressive scene.

ELOPES DURING A BLIZZARD.

Horse Trader Puts Into Service Re-
lays of Fast Horses.

Perham, Minn., Dec. 20.—George
Petrie, widely known as a horse trad-
er, after trading local dealers out of
all their fast horses, eloped Sat-
urday night during a blizzard, tak-
ing with him a young woman whom
he had brought here. Petrie, eluded
his wife and the sheriff's posse, after
a thrilling ride.

Mrs. Petrie came here on Saturday
and said her husband had run away
with a girl last summer and that she
was here to get him to return with
her. After a stormy session with his
wife, it is said that Petrie agreed to
send the girl back to her North Da-
kota home.

Petrie after supper went to a liv-
ery barn and secured a sleigh, saying
he wanted to take Mrs. Petrie out
driving. Petrie then drove to the
stock yards got out his string of
ten horses, unhitched the livery team
and hitched two of his own into the
sleigh. He tied the others on behind,
and driving down Main street, picked
up the young woman at their stop-
ping place. Petrie then drove out of
town at top speed.

Pursuit was organized but by
changing horses outfooted his pur-
suers. He appeared at Henning, thirty
miles south at dawn, and at
Clitherall, 25 miles west of Henning,
before noon. His wife returned here,
and will swear out a warrant for his
arrest.

CURRENT COMMENT.

An interesting order regarding the
marriage of officers has been made
by the Russian military authorities.
Formerly no officer could marry un-
til he had reached the age of 23. In
addition to being of good social po-
sition, his bride had to possess
means, or the marriage was not sanc-
tioned. In future the income quali-
fication will be dispensed with and
the colonel of the regiment will de-
cide regarding the social suitability
of the bride when the bridegroom is
of the rank of captain or higher. In
the case of subalterns a court of
honor, formed of officers of the reg-
iment, will sit in judgment on the
bride and will report to the colonel,
who will make the final decision.—
Kansas City Journal.

Victor Emmanuel's Rare Coins.

King Victor Emmanuel, according
to a French newspaper is a numis-
matist of the first rank, and his ma-
jesty possesses a collection which
may be termed a museum. His cabi-
net's contain 60,000 coins, some most
rare and almost priceless.

The king is a scientific collector
and will shortly publish a treatise on
numismatics. It will run into sever-
al volumes and will be entitled "Cor-
pus Minimorum Italiconum." The
work will be a complete catalogue
of medieval and modern money struck
by Italy or by Italians in foreign
lands. The printing of the first vol-
ume is almost complete. To insure
correctness proof sheets have been
submitted to the keepers of the coin
departments in the principal museums
of the world.—London Globe.

WILL WED A POOR MAN.

Miss Havemeyer Will Marry Railroad Clerk Soon.

New York, Dec. 20.—The announcement is made that Miss Electra Havemeyer, daughter of the late head of the sugar trust and heiress to a large portion of his 20 million dollar estate, is to marry J. Watson Webb. The announcement follows by only three weeks the appointment of Miss Havemeyer as one of the executors of her father's estate. His will had provided that she should have such appointment as soon as she became 21 years old.

Now, in full control of her immense fortune, she is to marry a young man who has flouted wealth ever since he went West almost two years ago to learn the railroad business from the bottom.

Mr. Webb has made good in the employ of the Chicago & Northwestern Railway in Milwaukee. He is still at work there, although he has put off his overalls and now has an office position. So far as is known he intends to go back there after his trip home for his wedding, the date for which has not been set. He was in New York on a visit last October and at that time gave a reporter some striking opinions of the men he worked with in the West.

"The standard of morality among working men is just as high as in any other class," he said. "The life of the working man is sane—the kind every American ought to lead. He is not lacking in brains but only in the opportunity to develop them. It is good to get back to the luxuries of the past, even for a short time. But I like the life out there and I am going back."

"I went out there because I didn't want to be a drone. My hours of work in the yards were from 7 in the morning until 6 at night and it was tough work all the time."

"The men with whom I worked with were princes. They didn't know who I was and they took me right in for my own sake and were calling me by my first name in a week—just as men to men. They have no superiors on earth. Their word is their bond. And their life is so much simpler than the life of the people I have known in the East. They do not get divorces every few months. Their lives are sane."

Miss Havemeyer's coming out was three years ago at a reception in her father's wonderful mansion at No. 1 East Sixty-sixth street. Mr. Have-

meier's death nearly two years ago put an end to her social activities. Miss Havemeyer's mother died in 1900, after a divorce from the sugar millionaire, who soon afterward married his first wife's favorite niece the present Mrs. Havemeyer, who made the announcement of the present engagement.

Mr. Webb is the eldest son of Dr. W. Seward Webb and a grandson of the late W. H. Vanderbilt. He was graduated from Yale in 1907. He is expected to arrive from the west soon on his Christmas vacation, and with Miss Havemeyer, will be a member of the Christmas house party at Shelburne House, the Webbs' country place at Shelburn, Vt.

OLD GAMBLER SPEAKS.

Tells Committee How Public Is Mulched by Bookmakers.

Washington, D. C., Dec. 20.—With a supporting cast of reformers galore both male and female Henry Brolaski of Monrovia, Cal., who professed to be a gambler upon race tracks for twenty-one years, was the star feature of a hearing today before the senate judiciary committee in support of the Burkitt bill prohibiting transmission of race track betting odds over telegraph or telephone lines. He told how the public is mulched by bookmakers at race tracks, by pool room and by hand bookmakers. His testimony being made in the movement to put an end to race track gambling.

Mr. Brolaski was one of the owners of a Mexican track put out of business at the instance of the state department through co-operation with the Mexican government. He is now seeking to have tracks in which he has no interest, dealt with in like manner.

He said there are now in the United States seventy pool rooms and fifty of these were in New York. He calculated there were in operation nearly 1,500 hand books. He said that in New York City there were at least 100,000 hand book and pool room players and that the evil was growing daily.

"The play that is handled by the hand books and pool rooms" said Mr. Brolaski "is usually from a class of people that can ill afford to lose and their best average from 50 cents up. The man of family will take a chance and lose his money. The clerk will take a chance and lose his board money; the girl will take a chance

and use money that she should expend on herself. It is the greed for that crowd their system and it is that crowd their system and it is growing all the time."

The witness said that in a pool room the percentage against the player would run from 25 to 150 per cent and in a hand book the percentage was from 5 to 15 per cent. Brolaski said there was no possible chance to beat the game.

"There is only one means," said Mr. Brolaski "of putting this evil out of business effectually, and that is by the United States government making laws of prohibition, and having those laws enforced after they are passed. Also prohibiting the use of the mails to newspapers that publish race track prices or results."

A number of women from New York, New Jersey, Pennsylvania and the city of Washington, interested in temperance and anti-gambling movements, spoke briefly.

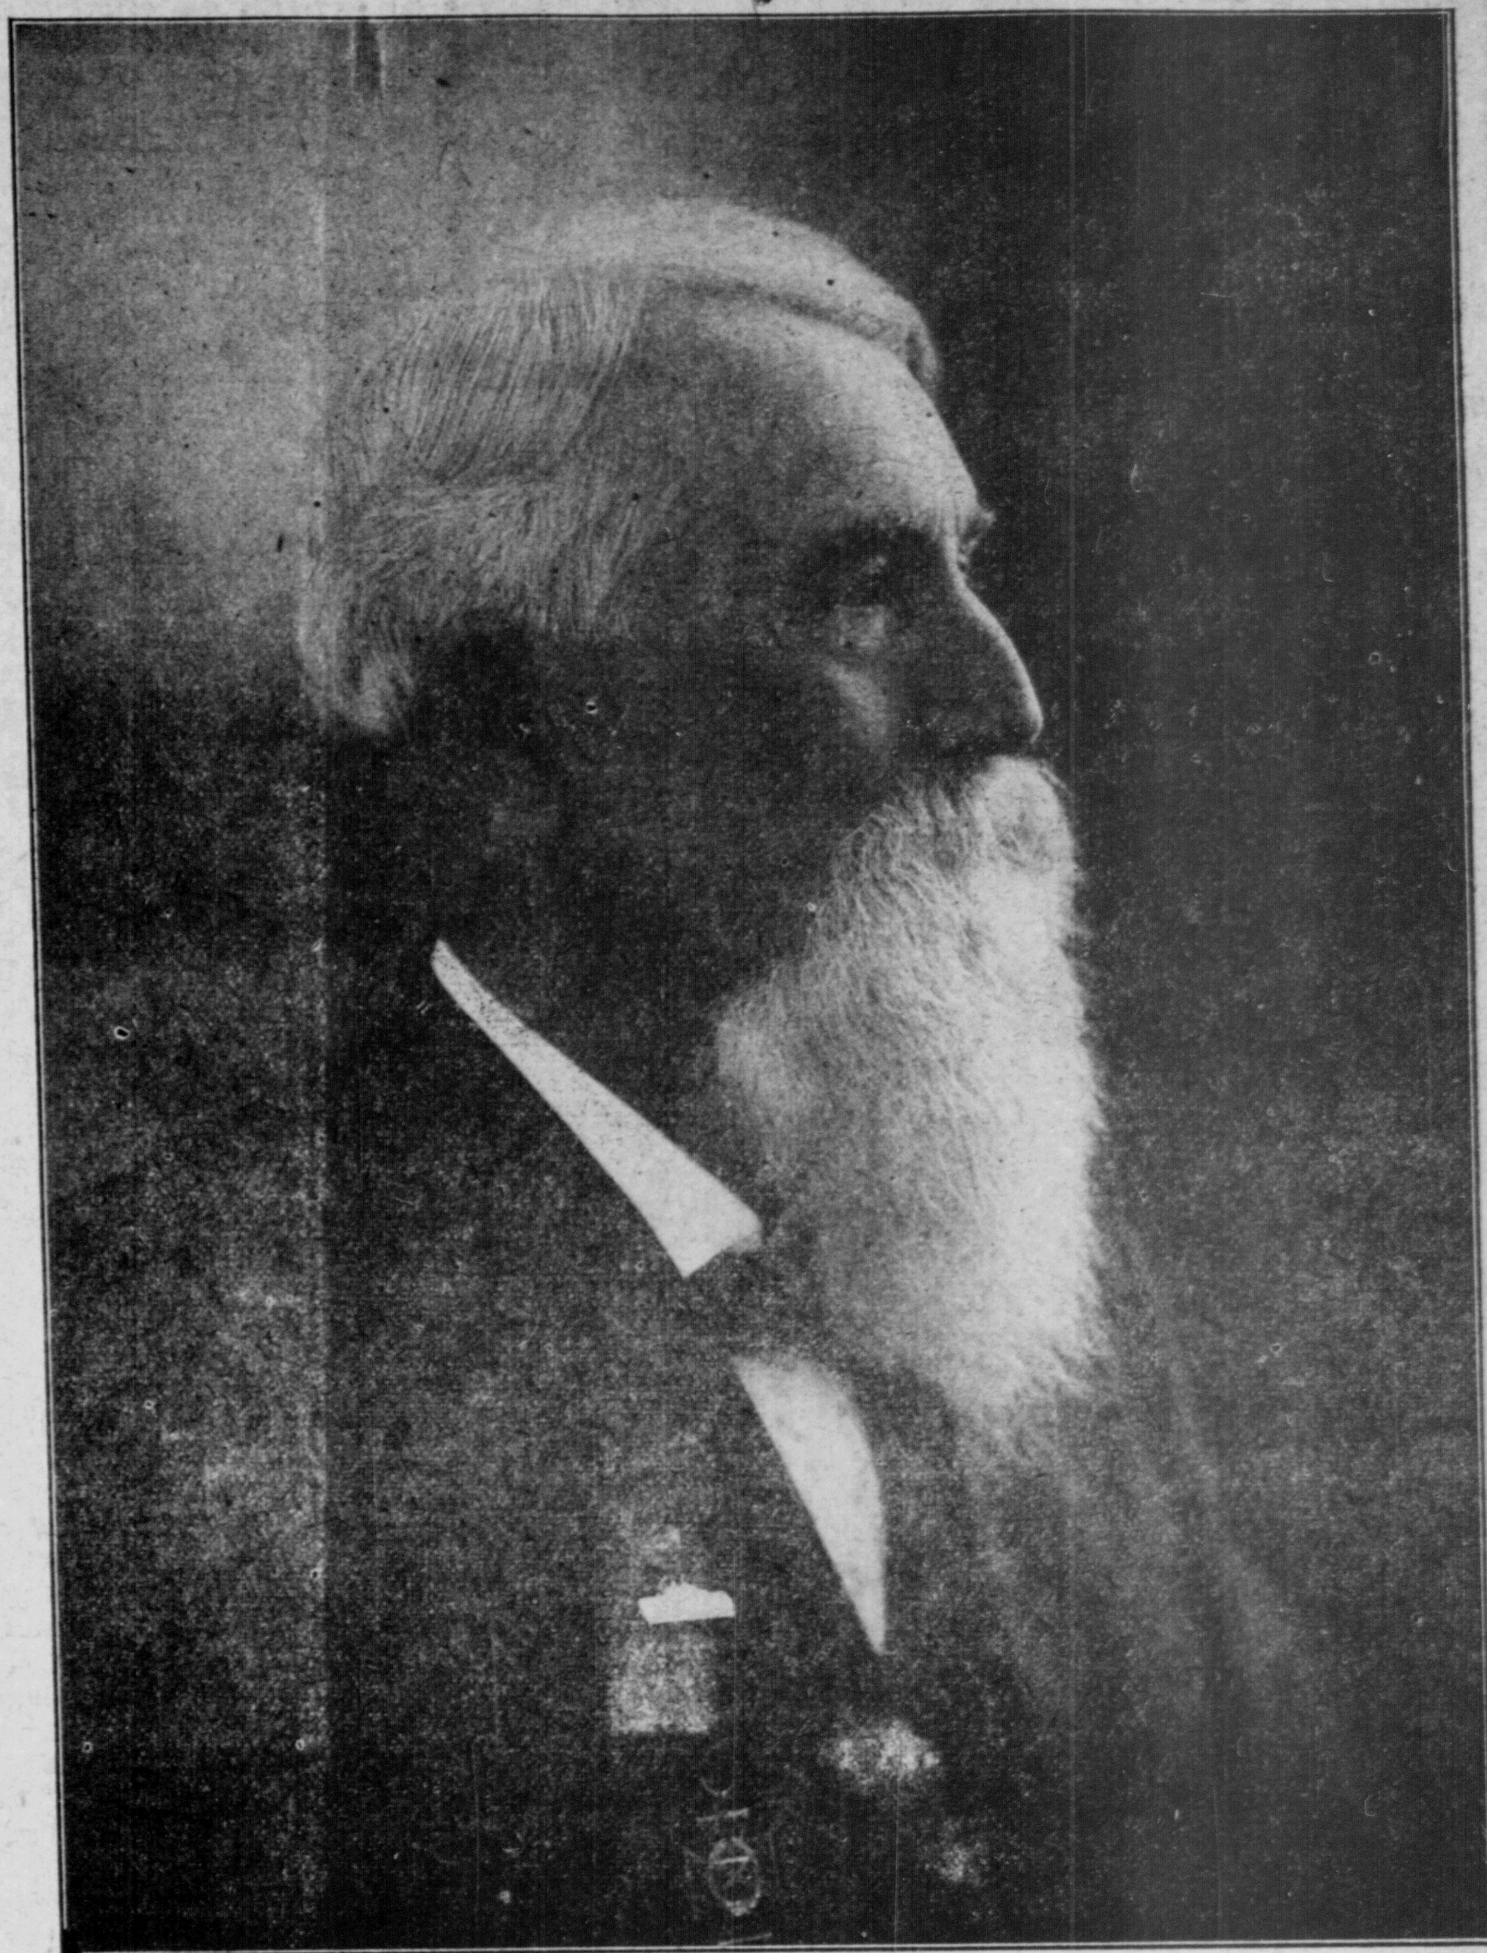

WABASH EDUCATES PATRONS

Cash Prizes Offered to Students of Agriculture.

Kansas City, Mo., Dec. 20.—The populating of a new country is one of the greatest ambition of a railroad and for this work most every large trunk line employs a separate department. The Wabash, however, is going the other roads one better by improving the population already on its tributary territory.

For this purpose the Wabash is setting aside the sum of \$50,000 for each Missouri county through which its line runs, this amount to go to some boy or man who enrolls in the agriculture course at Columbia, covering seven weeks term of practical useful instruction, beginning January 4, and ending February 25. The counties which are included in the offer of the Wabash are: St. Louis, St. Charles, Warren, Montgomery, Audrain, Boone, Randolph, Macon, Adair, Schuyler, Chariton, Carroll, Ray, Livingston, Daviess, Genry and Nodaway.

These courses are designed to educate the students to better farming. The Wabash feels that by better farming, the country tributary will be better cultivated and more freight will be the subsequent outcome. The courses in which the Wabash is desiring of interesting its students embrace all subjects relating to crops, improving the soil, care and breeding of livestock, dairying and the

Farmers who have taken agricultural courses at the Columbia school have been able to increase their corn yields from twenty to forty-five bushels per acre, and their wheat yields fifteen bushels per acre.

At the end of the school term, F. B. CURES REMOVE DOUBT ABOUT ECZEMA CURE

Read What Your Druggist Says About Oil of Wintergreen Compound.

Druggist G. M. Ramsey submits the following to the readers of the Evening News:

For several years we have announced, with our recommendation, that we had found a positive cure for eczema; a simple skin wash, oil of wintergreen compounded with other healing ingredients.

Yet we know there are people right in this town who have eczema, and still have never tried this remedy.

We have, therefore, arranged with the D. D. D. Laboratories of Chicago for a special offer of a trial bottle at 25 cents instead of the \$1.00 bottle as regularly sold.

We offer this trial bottle with our recommendation and assurance that just as soon as the patient washes his itching skin, this mild liquid will take the itch away instantly.

Severe Colds, stubborn Coughs, inflamed throats and sore lungs. Hemorrhages, Croup and Whooping Cough get quick relief and prompt cure from this glorious medicine. 50c and \$1.00. The People
Who Put The Price Down

IN REGARD TO THE POPULATION SCHEDULE

INFORMATION YOU WILL BE RE-
QUIRED TO GIVE.

Number and Nature of the Questions
to Be Asked by the Census
Enumerators.

Washington, D. C., Dec. 20.—The United States Census population schedule which will be carried by the enumerators during the Thirteenth Decennial United States Census, April 15, next, contains thirty-two questions concerning every man, woman, and child in this country, the total of whom is expected to reach the number of 90,000,000.

The preparation of the population schedule engaged for the past few months the joint consideration of Assistant Director Willoughby, Mr. William C. Hunt, the United States Census chief statistician for population, and Prof. William B. Bailey, the Yale instructor in political economy a prominent member of the Census Bureau advisory board of statisticians etc., who later was commissioned supervisor of census for the state of Connecticut.

The schedule has been approved by Census Director Durand, and in its final form will be 16 by 23 inches in size, printed front and back, with 50 lines on each side, one for each person enumerated. The Government Printing Office will print 1,800,000 copies, so as to give each of the 330 supervisors of census an ample supply to meet all the needs of about 67,000 enumerators who will enumerate the population in April next.

The paper on which the schedule will be run off will be first quality white writing, 23 by 32 inches, 64 pounds to the ream, the total weight being 230,400 pounds. The entire edition will be printed on a web press, which will print two of the schedules, face and back, each revolution, at the rate of 9,000 an hour. It will take about six and a half days for the press to print the 1,800,000, running sixteen hours a day.

More Convenient Form.

The schedule paper is very heavy and will stand a great deal of handling. The form of the schedule is more convenient than that used ten years ago, and the two pages are so spaced that when the schedule is placed in the card-punching machine, each time a card has been punched the ratchet wheel automatically moves the schedule up one line, and all the operator has to do is to operate the keys on the punching machine.

For this stage the compilation of the population statistics 122,000,000 manila cards have been ordered for the card-punching machines.

The thirty-two questions are classified under thirteen groups.

The first is location, and under this head the enumerator must write down the street, avenue, road, etc.; the house number in cities or towns; and the number of the dwelling house and the number of the family, in the numerical order of the enumerator's visitation.

Under the subject Name, for each person whose place of abode on April 15 was in the family being enumerated, the census taker is instructed to enter the surname first, then the given name and middle initial, if any. He must include every person living on April 15, 1910, and must omit children born since that date.

The third group, Relationship, calls for a statement of the relationship which the person enumerated bears to the head of the family in which he resides.

The Personal Description group asks for the sex, color or race—that is, whether white, black, mulatto, Chinese, Japanese, or Indian; age at last birthday; whether single, married, widowed, or divorced; the number of years of present marriage; and under the subject of "Mother of how many children," the number of children each woman has had and the number now living.

The Country of Birth.

The group relative to Naivety requires answers stating the place of birth of the person enumerated and also of his or her father and mother. The instructions are that if either is born in the United States, the enumerator must give the state or territory, but if of foreign birth he must give the country.

The two questions regarding Citizenship apply to foreign-born persons only, and call for a statement of the year of immigration to the United States, and, in the case of adult males, whether naturalized or alien.

The next question requires the enumerator to ascertain whether the person is able to speak English, or, if not, to give the language spoken.

There are five questions touching upon Occupation. The first calls for the trade or profession of, or particular kind of work done by, the person being enumerated, such as, to quote the schedule, "spinner, salesman, laborer, etc." The next inquiry calls for a statement of the general nature of the industry, business, or

establishment in which the person works, as, again to quote verbatim from the schedule, "cotton mill, dry goods store, farm, etc." The third wants to know whether the person is an employer, employee, or working on his or her own account, and, under the fourth and fifth questions, whether out of work on April 15, 1910, and the number of weeks out of work during the year 1909.

The question in the Education group are "whether able to read," whether able to write, and attended school any time since September 1, 1909.

Information regarding Ownership of Home, will be obtained by these questions: Whether the home is owned or rented; if owned, whether free or mortgaged; and whether it is a farm or simply a house, as in a village or city; if a farm, the schedule carries for purposes of identification the number of the farm schedule.

The schedule further contains inquiries as to whether the person enumerated is a survivor of the Union or Confederate Army or Navy; whether blind in both eyes, and whether deaf and dumb.

SEWER WORK TIED UP.

Pipe on the Road for Thirty Days
Not Received.

Work on the East Main street storm sewer has been suspended since last Wednesday on account of no material.

Fifteen cars of sewer pipe, part of which has been expected here for the past thirty days, have not showed up and their location, or locations, can not be determined. In all, twelve hundred feet of ditch has been dug. According to the city engineer's specifications no work at the rear of the buildings can be done until the pipe, ready for laying is on the ground.

WHY SALVES FAIL TO CURE ECZEMA

They Clog the Pores—Only a Liquid
Can Reach the Inner Skin.

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases. But it has been found that these salves only clog the pores and can not penetrate to the inner skin below the epidermis where the eczema germs are lodged.

This—the quality of penetrating—probably explains the tremendous success of the only standard liquid eczema cure, oil of wintergreen as compounded in D. D. D. Prescription. After ten years of cure after cure, the world's leading skin specialists have accepted this as the true eczema cure.

We ourselves do not hesitate to recommend D. D. D. Prescription at \$1.00 a bottle, but for the benefit of those who have never tried the prescription we arranged with the D. D. D. laboratories of Chicago for a special large trial bottle at 25 cents on a special offer now. This first bottle ought to convince every sufferer, and, at any rate, it will surely take away the itch at once.

METHODIST REVIVAL ENDS AND REVIVALIST LEAVE

CHURCHES RECEIVE MANY AD- DITIONS.

Joe Ramsey Leaves for His Ten- nessee Home and Rev. Smoot Goes to Mississippi.

The revival at the First Methodist church which has been in progress since the fifth of this month closed last night.

The meeting has been a success of certain regulations governing the enlistment of recruits. Her sweetheart is Corporal James Dixon, of the marine corps, who recently inherited about \$100,000 obtained his discharge and then re-enlisted because he could not curb his martial spirit. Miss Portwood's family is said to be prominent in Decatur.

When Sergeant Holman and Captain William Brackett, of the department of Illinois, and Dr. Wm. H. Naley, examining physician, whom he had summoned, reached the recruiting station, Miss Portwood, in complete boy's attire, was waiting with an expectant smile.

"Just step in the next room and prepare for the physical examination," directed Sergeant Holman. Miss Portwood stepped in. Fifteen minutes later when Sergeant Holman, entered to ascertain the cause of the delayed reappearance, an open window told of an escape, and a hairpin and perfumed lace handkerchief on the floor told a story of their own.

Two times during the year does Joe Ramsey take vacations, each consisting of six weeks. During the major part of this time he engages three persons to read to him, he being blind.

Previous to the sermon last night,

Rev. Wilson, the pastor, said many kind words of the blind evangelist, declaring he easily ranked with the greatest preachers in the field.

Chicago, Dec. 20.—The second attempt of Miss Adelaide Portwood, of Decatur, Ill., to enlist in the United States Navy in order to be with her sweetheart, who has been ordered to Central America, went away because of certain regulations governing the enlistment of recruits. Her sweetheart is Corporal James Dixon, of the marine corps, who recently inherited about \$100,000 obtained his discharge and then re-enlisted because he could not curb his martial spirit. Miss Portwood's family is said to be prominent in Decatur.
